

September 1, 2017

To Whom It May Concern,

I'm Vincent working for UnionPay International as Product Manager. It's my great pleasure to work with Celik Koseoglu who was the intern in our team from August 7th 2017 to September 1st 2017.

Celik is a fast learner with a can-do attitude. He showed great motivation for every assignment I had given to him. No matter what he was asked to do, he always delivered his job on time with great result. He helped me greatly in conducting market research on QR code and NFC payment in Turkey. He later assisted me in doing in-depth analysis of our QR code solution and also helped me with UI design.

During his one-month internship, he demonstrated his good knowledge of doing research and programming. He is a self-starter and always stays motivated on his job. He can figure things out very quickly with minimum supervision.

Additionally, he got quickly accustomed to our company culture. He made himself an integral part of our team and managed to build solid connections with other colleagues.

I'm very pleased with the work he's done in our team. And I'm impressed with his work ethics and attitudes. Therefore, I would not hesitate to recommend him for any position he pursues in the future.

Sincerely,
Vincent Xiang
